As Smart in Party Matters as Her Husband; He Knows It.

DEWNER, Col., April 18.—A woman who has made herself very conspicuous in the politics of Colorado hauls from the State of New York.

Her maiden name was Eliza O'Neill. She was born in Seneca Falls, N. Y., in 1860. Her husband is W. H. Anderson, who has taken a hand in many party contests in this State.

Soon after his marriage to Miss O'Neill he discovered that she was pretty nearly his equal in politics, and

STOCKS BOUGHT AT MIXED PRICES

BISMARCK HITS AT THE KAISER.

Favored Issues Taken in Big Blocks, but Market Uncertain.

Stock-trading had an uncertain tone at the opening of the market to-day, there being some wide changes both ways in the Railways and Industrials. Missouri, Kansas & Texas preferred was easily the feature in the early market. On dealings aggregating \$6,500 shares in the first half hour its price advanced an extreme 3 1/4 per cent., touching 67 3/4. Subsequently it reacted about 11 1/2.

New York Airbrake jumped 6 points, to 168. Other strong features were Union Pacific and U. S. Steel common and preferred. The former was up a point on a demand for \$800 shares. U. S. Steel common was up only a small fraction, while the preferred advanced nearly a point on heavy buying.

Amalgamated Copper sold down from 124 1/2 to 121 1/2.

Pennsylvania, People's Gas, Pressed Steel and Rock Island, too, showed a marked inclination to gain. Sugar opened fairly well, but fell to about 11 1/2 per cent., but soon fell to almost its starting point.

A falling off in the demand for coal at noon aroused some uneasiness among the bulls and they took profits on earlier gains. Coal traders hammered Sugar down 18 1/2 cents, then took up their support for Amalgamated Copper, induced short selling of the general list. New York Airbrake remained steady and at one time was 3 1/4 points above yesterday's close. Bonds were quiet, and irregular.

A few more tons developed afternoon in the afternoon, which had its inception in a 3-point rise in St. Paul and Great Northern preferred. Southern Railway advanced 3 1/4 and sold up 12 1/2 for the common and 12 1/2 respectively.

Louisville was then carried to new 10, and the Atchisons showed great strength.

Speculation generally was anathemic.

There were new points of strength late in the day. The Erie rose 1 1/2 to 142, Illinois Central 1 1/2 to 124, and St. Louis 1 1/2 to 120. Florida, Panhandle preferred 3 1/4. United States Express gained 3 1/4 to 100, the admission to the directors of officials of the two companies, and American Express 1 1/2. The closing was active and irregular.

The total sales of stocks to-day were 1,675,500 shares, and of bonds \$1,835,000.

The Closing Quotations.

High Record Bid Made for Exchange Privileges.

The sum of \$6,000 was bid for a seat on the Stock Exchange today. This is 100% greater than the previous high record for a seat, which was \$3,000.

LONDON STOCKS MIXED.

Americans Were Firm on Good Demand but Home Issues Weak.

The market for American railway shares in London today was firm on a fairly large volume of dealings. The features in this department were the Erie issues. The first preferred sold slightly above par, and the second advanced.

Prince Herbert praised Count Von Bismarck as the most capable German politician, and expressed particular interest in agriculture, but demanded that he follow up this with the assistance needed, which was an agricultural one.

London stocks developed all around in the afternoon, which had its inception in a 3-point rise in St. Paul and Great Northern preferred. Southern Railway advanced 3 1/4 and sold up 12 1/2 for the common and 12 1/2 respectively.
